

OUR STORY

Do you ever wish you could find a practice packed with providers who want to get to know you, offers extended hours to meet patient's needs, and can accommodate financial needs with flexible payment plans? Well, with Texarkana Physical Therapy, that's exactly what you'll get!

Texarkana Physical Therapy is DeKalb and New Boston Physical Therapy's newest branch. Over the course of our 15+ years in the health care industry, our practice has developed relationships with patients, families, and providers in the Texarkana area. After much consideration, our practice decided it was time to expand and provide the same superior service and quality care to our friends in the Texarkana area that we've been providing North East Texas for over a decade.

At Texarkana Physical Therapy, we treat each patient as if they're our own family. We prioritize building a relationship with our patients to ensure their therapy experience is not only effective, but also enjoyable. Join us at 5602 Richmond Road, Suite 106, Texarkana, TX to begin your road to recovery!
